1.0 Introduction

LearningPlus recognises its statutory and moral duty towards safeguarding the welfare of children, young people and adults at risk from any form of abuse whilst receiving education and training. We expect all staff, volunteers and partners to endorse and practice this duty at all times. As a result, we have a zero-tolerance approach to abuse and other harmful behaviour. At LearningPlus safeguarding and promoting the welfare of children, young people and adults at risk is everyone's responsibility, everyone who comes into contact with children, their families and carers has a role to play in safeguarding. We comply with all government policy and UK legislation such as *"Keeping Children Safe in Education 2025"*.

2.0 Purpose

At LearningPlus we are committed to safeguarding and promoting the welfare of all learners, staff, volunteers, visitors, contractors and partners. Any reference in the policy to a child, young person or learner applies to all those aged under 18. Our legal duty includes the education and training of adults at risk. Any reference in the policy to an adult at risk applies to anyone aged over 18 yrs. who may for a variety of reasons need community services and/or unable to protect him or herself from significant harm or exploitation.

LearningPlus has developed procedures in line with, and taking account of, guidance issued by the Department for Education, Leaders in Safeguarding and other relevant bodies. We operate in line with the requirements of the local authority (Borough) safeguarding arrangements.

Whilst overall responsibility for safeguarding children, young people and vulnerable adults is vested in the Managing Director; LearningPlus has a named Designated Safeguarding Lead (DSL) and Designated Safeguarding Officers who are responsible for ensuring compliance to this policy and its procedures. The role and responsibilities and contact details of the DSL and DSO's can be found in section 4.

3.0 Scope

This policy applies to all learners and particularly children, young people and adults who may need support and all staff, volunteers, partners and families visiting and working at our centres, other external facilities, in the workplace, distance learning and subcontractors.

In order to help ensure that children, young people and adults at risk are protected from abuse, all complaints, allegations or suspicions will be taken seriously and in accordance with this policy detailed herein.

LearningPlus has incorporated child protection into the whole organisational approach to safeguarding and the term safeguarding is deemed to include child protection in all our policies and procedures.

The legal framework for the role of LearningPlus is as follows:

The Education Act 2002 - Section 157 & 175

Requires local authorities and governing bodies of further education institutions to make arrangements to ensure that their functions are carried out with a view to safeguarding and promoting the welfare of children, young people and adults at risk. In addition, they should have regard to any guidance issued by the Secretary of State in considering what arrangements they may need to make.

Keeping Children Safe in Education (2025)

Sets out the safeguarding statutory responsibilities of schools and colleges, as well as good practice recommendations in relation to children. This covers the relevant legislation; the responsibilities of Governing Bodies and Principals; safer recruitment practice; recruitment and vetting checks; dealing with allegations of abuse or misconduct against staff; and also, checklists, flowcharts and thematic topics.

The Department for Education (DfE) published an updated version of the statutory safeguarding and child protection guidance for schools in England, Keeping children safe in education (KCSIE) (DfE, 2025) 1 September 2025

This guidance replaced KCSIE 2024 when it came into force on 1 September 2025.

The guidance sets out what schools and colleges in England must do to safeguard and promote the welfare of children and young people under the age of 18. Key updates include:

Online safety

The 2025 guidance adds disinformation, misinformation and conspiracy theories to the list of content risks under online safety. Disinformation is the deliberate creation and spread of false or misleading content, such as fake news. Misinformation is the unintentional spread of this false or misleading content (Cabinet Office, Department for Science, Innovation and Technology, 2023)

Definitions:

-Misinformation is false or inaccurate information — getting the facts wrong.

This type of content is not necessarily created with harmful intent, but it can still mislead or confuse individuals, especially children and young people.

-Disinformation is false information which is **deliberately intended to mislead** — intentionally misstating the facts.

This is more dangerous than misinformation because it is created and spread with the purpose of deceiving others, often to manipulate opinions or behaviours.

-A conspiracy theory is a belief that **some secret, but influential, organisation is responsible** for an event or phenomenon.

These theories often lack credible evidence and can foster distrust in institutions, authorities, or factual information.

Filtering and monitoring

KCSIE 2025 includes a link to the DfE guidance Generative AI: product safety expectations. This guidance on generative artificial intelligence (AI) filtering and monitoring requirements apply to the use of generative AI in education and supports schools to use generative AI safely.

Alternative provision

The updated guidance provides additional information to clarify and reflect existing alternative provision guidance, highlighting how schools should:

- Gain written confirmation from the alternative provider that appropriate staff safeguarding checks have been carried out, as well as written information about any arrangements that may put the child at risk
- Have records of the address of the alternative provider and any subcontracted provision or satellite sites the child may attend

- Regularly review any alternative provision placements to make sure the placement continues to be safe and meets the child's needs. If safeguarding concerns occur, the placement should be immediately reviewed and ended if necessary. Children who are absent from education The updated guidance makes clear that the DfE's Working together to improve school attendance is now statutory guidance.

Virtual heads As of September 2024, the role of Virtual School Head includes a non-statutory responsibility to promote the educational achievement of all children in kinship care.

KCSIE: Key changes

- Incorporating the DfE's advice on Sexual violence and sexual harassment between children in schools and colleges.
- setting out the safeguarding implications for schools of human rights and equality legislation
- providing more information on managing low level concerns
- reinforcing the importance of talking to parents about children's access to online sites when away from school.
- Where the 2023 document used the term 'abuse and neglect', the new edition expands this to include 'exploitation'.
- The phrase 'deliberately missing education' had been replaced by 'unexplainable and or/persistent absences from education'.
- Text has been added to clarify that schools remain responsible for the pupils they place in alternative provision.
- Additional text has been included to clarify that 'indicators of abuse and neglect' can include that young people 'see, hear, or experience its effects' when referring to domestic violence.

Some additional changes have been made to bring the document in line with the multi-agency guidance, Working Together to Safeguard Children 2023

KCSIE - thematic topics

For example:

- Female Genital Mutilation (FGM)
- Child Sexual Exploitation (CSE)
- County Lines
- Forced Marriage
- Honour Based Abuse (HBA)
- Serious violence
- Domestic abuse.

Focus:

- Greater emphasis on mental health
- Greater emphasis on children with a social worker
- Keeping children safe online includes when online at home
- Inclusion of 'transferable risk' in relation to allegations
- Inclusion of 'safeguarding concern' as well as allegation
- Reference to schools leading on investigations into supply staff

- Terminology change: Honour based abuse
- Terminology change: Peer on peer or child on child abuse

Mental health

Most importantly the new guidance raises awareness on how mental health problems may be an indicator of a child suffering, or at risk of suffering, abuse. The guidance does not expect staff to be mental health professionals however, it clearly states they should have the skills to recognise when behaviour may suggest a child may be experiencing, or is at risk of developing, a mental health problem. As a baseline those managing safeguarding must ensure all staff have access to and are aware of the content within the DfE guidance Mental health and behaviour in schools.

Changes affecting personal information and data handling.

KCSIE updates also provides further clarification on GDPR and withholding information, , staff must be confident of the 'processing conditions' - that is The conditions that allow the sharing of sensitive and personal information for safeguarding purposes.

Transferable risk

This update also provides clarity on how settings should manage allegations of abuse made against supply teachers who do not fall under the terms of the setting's disciplinary procedures together with closing the loophole on 'transferable risk.' Transferable risk covers behaviour of staff or volunteers outside the setting that could impact on their suitability to work with children e.g. domestic abuse.

New information has been added to explain the impact of domestic abuse including the potential short-term and long-term detrimental impact on children's health, wellbeing, and ability to learn if they are experiencing domestic abuse at home or within their own intimate relationships.

KCSIE Headlines:

Filtering and monitoring

The updated guidance makes it clear that all staff should receive training on the expectations, applicable roles, and responsibilities in relation to filtering and monitoring. The designated safeguarding lead should take lead responsibility for understanding the filtering and monitoring systems and processes in place.

Information on school child protection policies should include information on appropriate filtering and monitoring on school devices and school networks. The guidance signposts the Department for Education's new filtering and monitoring standards (DfE, 2023b), which support schools to have effective systems in place. Schools and colleges should consider meeting the DfE's Cyber security standards for schools and colleges (DfE, 2023c).

Children absent from education

The updated guidance highlights that being absent, as well as missing, from education can be warning sign of a range of safeguarding concerns, including sexual abuse, sexual exploitation, or child criminal exploitation.

Recruitment

Updated guidance states that schools and colleges should inform shortlisted candidates that online searches may be done as part of pre-recruitment checks. Organisations or Individuals using school premises. Updated guidance includes information on responding to allegations relating to incidents occurring when an individual or organisation uses a school's premises. As with all safeguarding allegations, schools should follow their safeguarding policies and procedures, including informing the Local Authority Designated Officer (LADO).

Working together to safeguard Children (2018 Changes Updated 2023)

Provides statutory guidance on the roles and responsibilities of agencies working together to safeguard children/young people. In addition, it sets out the framework for the formation of Safeguarding Children Partnership and details the allegation management process. This includes providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans. Access is allowed for children's social care from the local authority and, where appropriate, from a placing local authority, for that authority to conduct, or to consider whether to conduct, a section 17 or a section 47 assessment. Safeguarding arrangements consider the procedures and practice of the local authority as part of the inter-agency safeguarding procedures set up by the Safeguarding Children Partnership.

The update includes (2023):

- principles for working with parents and carers that centre the importance of building positive, trusting and co-operative relationships to deliver tailored support to families
- expectations for multi-agency working that apply to all individuals, agencies and organisations working with children and their families, across a range of roles and activities
- new national multi-agency child protection standards that set out actions, considerations and behaviours for improved child protection practice and better outcomes for children

Safeguarding Vulnerable Groups Act (2006 changes updated 2021)

The Disclosure and Barring Service (DBS) has been introduced to help employers make safer recruitment decisions and prevent unsuitable people from working with vulnerable groups, including children.

DFE Statutory Guidance (2014)

Provides guidance on making arrangements to safeguard and promote the welfare of children under section 11 of the Children Act 2004. The guidance plays an important role in embedding this responsibility in the work of key agencies which have contact with children and young people. It reflects the recognition that protecting children from harm cannot be separated from policies to improve children's lives as a whole.

Protection of Freedoms Act (2012) Part 5 Safeguarding vulnerable groups, criminal records etc.

Covers the reduction in scope of the definition of regulated activity, new services provided by the DBS, and disregarding convictions and cautions for consensual gay sex.

Mental Capacity Act (2005)

Provides a way in which people who may need help to make decisions can get that help from someone who can be trusted to act in their best interests. Mental Capacity under the Act means being able to make your own decisions. The Mental Capacity Act and its Code of Conduct contain a set of rules, procedures and guidance. The Act applies in full to those aged 18 or over, the entire Act except making

Power of Attorney or Making a Will applies to 16- and 17-year-olds. The Act only applies to those under 16 in very limited circumstances and these would have to be determined by a court.

Children's Act 2004

The 2004 Children's Act was introduced as a development and extension of the same act from 1989. The main way in which the 2004 Children's Act differentiates from the 1989 Children's Act is in its focus on ensuring that all people (both individuals and organisations) that are working with children have a responsibility for safeguarding children and promoting their welfare.

The Marriage and Civil Partnership (Minimum Age) Act 2022

Gained Royal Assent which come into force 27 February 2023. It means that 16- and 17-year-olds will no longer be allowed to marry or enter a civil partnership, even if they have parental consent.

4.0 Duties

4.1 The Role of the Designated Senior Person

The Designated Senior Person is committed to ensuring that LearningPlus:

- raises awareness of issues relating to safeguarding and promotes the welfare of all
- provides a safe environment for children, young people and adults at risk
- identifies those who are suffering or at risk of suffering significant harm and takes appropriate action to ensure they are kept safe
- has procedures for reporting and dealing with allegations of abuse against members of staff and volunteers
- operates safe recruitment procedures
- designates a member of staff with sufficient authority to take a lead role for safeguarding
- remedies any weaknesses and areas for improvement relating to safeguarding that are brought to their attention
- ensure all staff members receive appropriate child protection and safeguarding training which is regularly updated.

4.2 The Role of Staff

4.2.1. Staff Member with Lead Responsibility

There is a designated member of staff with lead responsibility for safeguarding issues. The key responsibility of that member of staff is to lead on raising staff awareness concerning all issues relating to safeguarding, and to promote LearningPlus as a safe environment for learning and being cared for. They have received the appropriate training as required by the Safeguarding Children Partnership and will maintain the currency of their knowledge on safeguarding issues. The Designated Safeguarding Lead (DSL) is responsible for:

- Overseeing the referral of cases of suspected abuse or allegations
- Giving advice and support to staff on matters relating to safeguarding
- Maintaining a proper record of any safeguarding referral, complaint, or concern received
- Ensuring that parents/carers of children, young people and adults at risk are aware of the safeguarding policy
- Liaising with other agencies as necessary
- Liaising with secondary schools sending learners to ensure that appropriate arrangements are made for them
- Ensuring there is liaison with employers and training organisations providing learners with placements to ensure proper safeguarding arrangements are in place

- Ensuring that all staff receive training about safeguarding matters and the procedures
- Providing termly reports to the Safeguarding Board
- Reporting any flaws in procedure to the Safeguarding Board as soon as possible recording rigorous reports and/or statements
- Storing all information and recordings in a secure manner and in accordance with Data Protection Act 2018 (GDPR)
- Dealing with individual cases, including attending case conferences and review meetings as appropriate
- Having received training in safeguarding issues and inter-agency working, as required by the Safeguarding Children Partnership, and will receive refresher training at least every 2 years
- In the absence of the DSL a deputy DSL will carry out the same responsibilities. In the absence of both of these, the Director of Human Resources or Director will carry out their responsibilities.

4.2.2. All Staff

The Managing Director, members of the Board, members of the Senior Management Team and all staff will receive training to familiarise them with safeguarding issues and the policy and procedures, with refresher training at least every two years.

Staff are made aware of the importance of: making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up; not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and up skirting (as per KCSIE 2025); dismissing or tolerating such behaviours risks normalising them.

5.0 Definitions

5.1 Child

Within the context of this policy a “child” is defined as anyone under the age of 18 (the Children Act 1989, Education Act 2002). Further, the additional duties regarding support, protection and safeguarding also extends to learners within the 14 to 16 age range from local schools.

5.2 Adult at Risk

It is recognised within this policy that any adult may be vulnerable or become a victim of abuse. Specifically, an “adult at risk” is defined as any person who is 18 years of age or over and has a reduced capacity to give consent to disclosure of abuse allegations or suspicions. As defined by the Law Commission (1995) we use the following indicators to identify an adult who is, or may become “at risk” whilst they are registered with us:

The individual:

- Is or may need community care services by reason of mental or other disability, age, or illness
- Is or may be unable to take care of themselves
- Is unable to protect themselves against significant harm or serious exploitation

Whilst not definitive, the main categories of people covered by the definition of “adult at risk” include those who:

- i. Have a learning disability
- ii. Have a physical or sensory impairment
- iii. Have a mental illness including dementia
- iv. Are old and frail
- v. Are detained in custody or under a probation order
- vi. Are considered vulnerable and who may experience abuse due to problems with alcohol or drugs (or be vulnerable due to other circumstances such as being an asylum seeker)

5.3 Children in Need of Protection and Early Help

Some children and young people are in need because they are suffering or likely to suffer “significant harm”. Where local authorities believe a young person is suffering, or likely to suffer, significant harm, they have a duty to make enquiries to decide whether they should take action to safeguard or promote the welfare of a young person, this can be done through contacting the local authority early help team to share concerns and ensure the early identification of needs within families.

5.4 Children in Need

Children and young people who are defined as being “in need” under Section 17 of the Children Act 1989, are those whose vulnerability is such that they are unlikely to reach or maintain a satisfactory level of health or development, or their health and development will be significantly impaired, without the provision of service(s). A child with a disability is a child in need.

5.5 Looked After Children

The most common reason for children becoming looked after is as a result of abuse and/or neglect. We will ensure that staff have the skills, knowledge and understanding necessary to keeping looked after children safe. The appropriate staff will have the information they need in relation to a child’s looked after legal status (whether they are looked after under voluntary arrangements with consent of parents or on an interim or full care order) and contact arrangements with birth parents or those with parental responsibility. They will also have information about the child’s care arrangements and the levels of authority delegated to the carer by the authority looking after him/her. The designated teacher/person for looked after children will ensure that the designated safeguarding coordinator will have details of the child’s social worker and the name of the virtual school head in the authority that looks after the child.

5.6 Significant Harm

The concept of significant harm is the threshold that justifies compulsory intervention into family life in the best interests of the child or young person and gives local authorities a duty to make enquires as to whether to take action (Section 47, Children Act 1989) to safeguard or promote the welfare of a young person who is suffering, or likely to suffer significant harm.

The Act also gives powers to the police to take emergency action to protect a young person from significant harm.

5.7 Abuse

“Abuse” relates to the mistreatment of an individual’s human and civil rights by any other person or persons and may consist of single or repeated acts. Incidents of abuse can be either to one person or

more than one person at a time. Abuse and/or harmful behaviours can be either deliberate or the result of negligence, ignorance, lack of training, knowledge or understanding. Somebody may abuse or neglect an individual by inflicting harm or by failing to prevent harm.

Within the context of this policy abuse and harmful behaviours are defined through six main categories:

- i. **Physical:** this may involve hitting, slapping, pushing, kicking, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, misuse of medication, inflicting inappropriate physical sanctions, or otherwise causing physical harm to a child, young person or vulnerable adult including fabricating the symptoms of, or deliberately causing the individual ill health (DfE 2014, DoH 2000).
- ii. **Emotional/psychological:** this is the persistent emotional ill-treatment of a child, young person or vulnerable adult such as to cause severe and persistent adverse effects on their emotional development. This may involve the imposition of age or developmentally inappropriate expectations resulting in fear, exploitation or corruption. This may also include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve conveying that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. Threats of harm or abandonment; humiliation; blaming; intimidation; coercion; harassment; verbal abuse, bullying (including cyberbullying) and being prevented from receiving services or support are all forms of emotional abuse (DoH 2000). Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.
- iii. **Sexual:** such as rape, sexual assault or sexual acts occurring through force or enticement and which a child, young person or vulnerable adult could not have consented to, or to which they were pressurised into consenting. The activities may involve physical contact, including penetrative (e.g. rape or buggery) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may include non-contact activities such as involving the child, young person or vulnerable adult in looking at, or in the production of, pornographic material, watching sexual activities or encouraging them to behave in sexually inappropriate ways or grooming a child in preparation for abuse (including the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. (DoH 2000).
- iv. **Sexual Violence** - refers to sexual offences under the Sexual Offences Act 2003 as described below:
 - Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.
 - Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.
 - Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

- v. **Consent** -16 is the legal age of consent for individuals in the UK. Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g.to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.
- vi. **Upskirting:** The Voyeurism (Offences) Act, which is commonly known as the Upskirting Act, came into force on 12 April 2019. 'Upskirting' is where someone takes a picture under a person's clothing (not necessarily a skirt) without their permission and or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence. Anyone of any gender, can be a victim.
- vii. **Sexting (Semi Nudes & Nudes)**
Sexting' may be defined as images or videos generated: by young people under the age of 18, or of young people under the age of 18 that are of a sexual nature or are indecent. These images are shared between young people and/or adults via a mobile phone, handheld device or website with people they may not even know. Young people often do not anticipate the implications and consequences of sharing things online as they would offline; however, the consequences of sexting can be devastating. Once the image is in the public domain, it is difficult to control, to know who has seen it and what they have done with it. The social and psychological effects on individuals can be significant; in extreme cases it can result in suicide or a criminal record, isolation and vulnerability. Because of the prevalence of sexting, young people are not always aware that, in the context of the law, sexting is illegal. As with all safeguarding issues and concerns, it is vitally important for all staff to be vigilant, noticing any concerns about young people sending, receiving and/or disseminating indecent images of themselves and other young people. If staff notice any concerns, they must report them to the Designated Safeguarding Lead as with any other safeguarding concern. Staff should not make their own judgements about whether a 'sexting' issue is more or less serious enough to warrant a report. What may seem like less serious concerns to individual members of staff, may be more significant when considered in the light of other information known to the DSL of which the member of staff may not be aware. Further guidance on how to deal with sexting concerns can be found on the UK Council for Child internet safety (UKISS) website. <https://www.gov.uk/government/groups/uk-council-for-child-internet-safety-ukccis>
- viii. **Neglect or acts of omission:** this includes the persistent failure to meet a child, young person or vulnerable adult's basic physical and/or psycho-social needs, and which are likely to result in a serious impairment of the individual's health or development. This may include failing to provide adequate food, shelter and clothing, or educational services and/or neglect of, or unresponsiveness to, a child, young person or vulnerable adult's basic emotional need (DoH 2000).
- ix. **Financial or material:** this may include theft, fraud, and exploitation, pressure in connection with money or material possessions. This may also include loss of jewellery or personal property, loss of money from a wallet or purse (DoH 2000).
- x. **Discriminatory:** this may include abuse, bullying and harassment based on the individual's age, sex, disability, religion, race or sexual orientation (DoH 2000).

- xi. **Specific issues and further information:** specific advice should also be sought in relation to specific situations including forced marriage, the effects of domestic violence on young people, female genital mutilation, children and young people who sexually abuse or who are exploited and those affected by drug and alcohol abuse in families.
- xii. **Abuse of trust:** under the Sexual Offenders Act 2003 it is an offence for a person over 18 to have a sexual relationship with a young person under 18 where that person is in a position of trust in respect of that young person, even if the relationship is consensual. This includes teaching and a range of support staff within educational establishments.
- xiii. **Radicalisation:** The process by which a person comes to support terrorism and forms of extremism leading to terrorism (Prevent Strategy.Gov.uk)
- xiv. **Online Abuse:** any type of abuse that happens on the web, whether through social networks, playing games online or using mobile Phones. Refer to E-safety policy.
- xv. **Child sexual exploitation:** Is a type of abuse where children are sexually exploited for money, power or status.
- xvi. **Female genital mutilation:** FGM is the total or partial removal of the external female genitalia for non-medical reasons.
- xvii. **Domestic abuse:** witnessing domestic abuse is child abuse
- xviii. **Teenagers** can suffer domestic abuse in their relationships.
- xix. **Child trafficking:** Is a type of abuse where children are recruited, moved or transported and then exploited, forced to work or sold.
- xx. **Harmful sexual behaviour:** Children or young people develop sexual behaviours that harm themselves or other.
- xxi. **Extra-familial harms:** take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual abuse (including harassment and exploitation), domestic abuse in their own intimate relationships (teenage relationship abuse), criminal exploitation, serious youth violence, county lines, and radicalisation.
- xxii. **Adults who are Lesbian, Gay, Bi, or Trans (LGBT)** Being LGBT is not, in itself, a risk factor for harm. However, LGBT adults may face discrimination, exclusion, or targeted behaviour from others. In some cases, individuals who are perceived to be LGBT—regardless of whether they identify as such—can be just as vulnerable to mistreatment. Risks may be heightened when LGBT adults lack trusted colleagues, friends, or support networks with whom they feel safe to be open. It is therefore essential that organisations and communities work to reduce barriers, foster inclusivity, and provide safe spaces where individuals feel empowered to speak out or seek support.
- xxiii. Children/adults with special educational needs (SEN) and disabilities can face additional safeguarding challenges. LearningPlus recognises the fact that additional barriers can exist when recognising abuse and neglect in this group of individuals. These can include:
 - assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the individual's disability without further exploration;
 - being more prone to peer group isolation than others;

- the potential for individuals with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and communication barriers and difficulties in overcoming these barriers.

6.0 Radicalisation and Acts of Terrorism

The Counter Terrorism & Security Act (2015 with updates 2021) and The Prevent Duty

Prevent is 1 of the 4 elements of CONTEST, the government's counter-terrorism strategy. It aims to stop people becoming terrorists or supporting terrorism.

The Prevent strategy:

- Responds to the ideological challenge we face from terrorism and aspects of extremism, and
- The threat we face from those who promote these views
- Provides practical help to prevent people from being drawn into terrorism and ensure they are given appropriate advice and support
- Works with a wide range of sectors (including education, criminal justice, faith, charities, online and health) where there are risks of radicalisation that we need to deal with
- The strategy covers all forms of terrorism, including far-right extremism and some aspects of non-violent extremism.
- The Home Office works with local authorities, a wide range of government departments, and community organisations to deliver the Prevent strategy. The police also play a significant role in Prevent, in much the same way as they do when taking a preventative approach to other crimes. The Home Office uses a range of measures to challenge extremism in the UK, including:
- Where necessary, preventing apologists for terrorism and extremism from travelling to this country
Giving guidance to local authorities and institutions to understand the threat from extremism and the statutory powers available to them to challenge extremist speakers
- Funding a specialist police unit which works to remove online content that breaches terrorist legislation
- Supporting community-based campaigns and activity which can effectively rebut terrorist and extremist propaganda and offer alternative views to our most vulnerable target audiences - in this context they work with a range of civil society organisations
- Supporting people who are at risk of being drawn into terrorist activity through the Channel process, which involves several agencies working together to give individuals access to services such as health and education, specialist mentoring and diversionary activities.

This Act places a duty on specified authorities including skills training, further and higher education, to have due regard to the need to prevent people from being drawn into terrorism (the Prevent Duty).

LearningPlus is committed to supporting vulnerable students through its safeguarding policies and procedures and recognises that this can support the contribution to the Prevent duty.

Serious Violent Crime: As included in KCSIE 2025, all staff should be aware of indicators, which may signal children are at risk from, or are involved with serious violent crime. These may include:

- increased absence from school.
- a change in friendships or relationships with older individuals or groups.
- a significant decline in performance.
- signs of self-harm or significant change in well-being.

- signs of assault or unexplained injuries.
- unexplained gifts or new possessions.

These could indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

All staff should be aware of the associated risks and understand the measures in place to manage these. Further advice can be provided in the Home Office's 2018 guidance documents: Preventing Youth Violence and Gang Involvement and Criminal exploitation of children and vulnerable adults: county lines guidance.

7.0 Management of Processes

7.1 Dealing with disclosure of abuse and procedure for reporting concerns

A member of staff may suspect that a learner is being abused or is at risk of significant harm. A learner may disclose to a member of staff that they are being abused. In these circumstances the following procedure should be followed.

7.1.1. Significant Concerns

If a member of staff has concerns about a learner but does not believe that they are being abused or are at risk of immediate harm, the member of staff should:

- Speak to the learner about the concerns
- Speak to a Designated Safeguarding Lead who will consider and advise whether LearningPlus should register the concern

7.1.2. Disclosure of Abuse

If a disclosure is made or abuse is suspected, staff should:

- Listen carefully and stay calm
- Question without pressure to be sure that what is being said is properly understood by the member of staff
- Reassure the individual concerned that they have done the right thing
- Explain to the individual who has disclosed that the information must be passed on but only to those who need to know about it. Say who will receive the information
- Note the main points carefully - what the individual said or did and the questions asked by the member of staff
- Make a note of the date, time and place
- Complete a Safeguarding Incident/ Concern Form

Staff must not:

- Ask leading questions or put words into the mouth of the disclosing individual
- Investigate concerns/allegations
- Promise confidentiality

7.1.3. Reporting to Designated Staff

Staff should report concerns, suspicions or disclosures of abuse immediately to the Designated Safeguarding Lead (DSL). If they are not available, the report should be made to the Deputy DSL.

7.2 Reporting to the DSL

The designated member of staff must notify the Managing Director as soon as possible and always within 24 hours of a serious disclosure or suspicion being raised.

7.2.1. Contact with External Services

The DSL or Managing Director (deputising senior manager) must report the matter to children's social care, adult services, or the police by phone immediately, followed up by written confirmation or email within 48 hours. Where a request for service form or an early help assessment is completed and sent via email to children's social care, staff can expect a response via email within 48 hours.

A written record of the date and time of the report must be made, and the document should include the name and position of the person to whom the matter is reported. The telephone contact must be confirmed in writing using the appropriate local authority form within 24 hours.

The designated member of staff should note down the detail of the discussion about action to be taken to inform the parents/carers, depending on the circumstances. The process for keeping LearningPlus informed of further action should also be discussed.

7.2.2. Confidential Reporting

Whistleblowing and Safeguarding schemes are available to all staff employed by LearningPlus.

7.3 Procedure for Managing Allegations of Abuse Against Staff

LearningPlus is required to comply with the detailed Safeguarding Children Partnership procedure for managing allegations against staff. These procedures apply to all staff, whether teaching, administrative, management or support, as well as to volunteers, and are in line with our low-level concerns Policy and Procedure.

7.3.1. Introduction

In rare instances, staff of education institutions have been found responsible for child abuse. Because of their frequent contact with children and young people, staff may have allegations of child abuse made against them. LearningPlus recognises that an allegation of child abuse made against a member of staff may be made for a variety of reasons and that the facts of the allegation may or may not be true. It is imperative that those dealing with an allegation maintain an open mind and those investigations are thorough and not subject to delay.

LearningPlus recognises that the Children Act 1989 states that the welfare of the child is the paramount concern. It is also recognised that hasty or ill-informed decisions in connection with a member of staff can irreparably damage an individual's reputation, confidence and career. Therefore, those dealing with such allegations within the LearningPlus will do so with sensitivity and will act in a careful, measured way.

7.3.2. Receiving an Allegation

A member of staff who receives an allegation about another member of staff should follow the guidelines for dealing with disclosure.

The allegation should be reported immediately to the Director of Human Resources and Managing Director. If the Director of Human Resources is the person against whom the allegation is made, the report should be made to the Managing Director.

The DSL and Director of Human Resources, if the allegation is against the Managing Director should:

- Obtain written details of the allegation from the person who received it, that are signed and dated. The written details should be countersigned and dated by the DSL/Director of Human Resources.

- Record information about times, dates, locations and names of potential witnesses.

7.3.3. Initial Assessment by the Designated Person

The Director of Human Resources should make an initial assessment of the allegation, consulting with the DSL and the relevant local authority's children's services safeguarding team as appropriate.

An allegation is information which indicates that a person who works with a child, young person or vulnerable adult has:

- behaved in a way that has harmed or may have harmed a child or young person.
- possibly committed a criminal offence against or related to a child or young person.
- behaved towards a child or young person in a way that indicates they are unsuitable to work with children and young people.

It is important that the Director of Human Resources does not investigate the allegation. The initial assessment should be on the basis of the information received and is a decision whether or not the allegation warrants further investigation.

If the assessment of the allegation is that it requires to be investigated, then an investigation will take place in accordance with the LearningPlus' disciplinary

policy. The local authority designated officer (LADO) will be advised and kept fully informed of progress and outcome.

In relation to allegations against supply staff, KCSIE 2025 states 'the school or college will usually take the lead because agencies do not have direct access to children or other school staff, so they will not be able to collect the facts when an allegation is made, nor do they have all the relevant information required by the LADO as part of the referral process'. Therefore, LearningPlus will act as lead professional for these allegations and communicate regularly with the LADO and supply agency. Supply agencies will be informed of LearningPlus process for managing allegations.

7.3.4. Enquiries and Investigations

Child protection enquiries by Social Services or the police are not to be confused with internal, disciplinary enquiries by LearningPlus. LearningPlus may be able to use the outcome of external agency enquiries as part of its own procedures. The child protection agencies, including the police, have no power to direct LearningPlus to act in a particular way however, LearningPlus should assist the agencies with their enquiries.

LearningPlus will instigate its own internal enquiries regardless of any formal police or social services investigations but will ensure that this will not prejudice the investigation. Any internal enquiries shall conform with the existing staff disciplinary procedures.

If there is an investigation by an external agency, for example the police, the DSL and/or Director of Human Resources should normally be involved in, and contribute to, the inter-agency strategy discussions. The DSL and Managing Director are responsible for ensuring that LearningPlus gives every assistance with the agency's enquiries.

They will ensure that appropriate confidentiality is maintained in connection with the enquiries, in the interests of the member of staff about whom the allegation is made. The DSL (or Director of Human Resources) shall advise the member of staff that they should consult with a representative, for example, a trade union.

The Director of Human Resources will consult with Social Services, the police or the Children's Integrated Services Safeguarding Team, particularly in relation to timing and content of the information to be provided, and shall:

- Inform the learner or parent/carer alleging that the investigation is taking place and what the likely process will involve.
- Ensure that the parents/carers of the learner making the allegation have been informed verbally and in writing that the allegation has been made and what the likely process will involve.
- Inform the member of staff against whom the allegation was made of the fact that the investigation is taking place and what the likely process will involve.
- Inform the member of staff alleging that the investigation is taking place and what the likely process will involve.
- Inform LearningPlus Safeguarding Board of the allegation and the investigation. The Director of Human Resources shall keep a written record of the action taken in connection with the allegation.

7.3.5. Suspension

Suspension should not be automatic. In respect of staff, other than the Managing Director or senior post holders, suspension can only be carried out by the nominated member of the senior management team. In respect of senior post holders, suspension can only be carried out by the Managing Director.

Suspension may be considered at any stage of the investigation. It is a neutral, not a disciplinary act and shall be on full pay. Consideration should be given to alternatives: e.g. paid leave of absence; agreement to refrain from attending work; change of, or withdrawal from, specified duties.

Suspension should only occur for a good reason. For example:

- Where a learner is at risk.
- Where the allegations are potentially sufficiently serious to justify dismissal on the grounds of gross misconduct.
- Where necessary for the good and efficient conduct of the investigation.

If suspension is being considered, this will be conducted in accordance with the existing LearningPlus disciplinary procedures.

7.3.6. The Disciplinary Investigation

The disciplinary investigation will be conducted in accordance with the existing LearningPlus disciplinary procedures.

7.3.7. Allegations without Foundation

False allegations may be indicative of problems of abuse elsewhere. A record should be kept.

In consultation with the DSL, the Managing Director shall:

- Inform the member of staff against whom the allegation is made orally and in writing that no further disciplinary or child protection action will be taken. Consideration should be given to offering counselling and support in order to rebuild the member of staff's confidence. Inform the parents/carers of those involved that the allegation has been made and of the outcome.
- Where the allegation was made by a learner other than the alleged victim, consideration to be given to informing the parents/carers of that learner.

- Prepare a report outlining the allegation and giving reasons for the conclusion that it had no foundation and confirming that the above action had been taken.
- In some circumstances, consider the broader disclosure of details of the outcome of the investigations, for example if the matter is of general importance, has become common knowledge or the subject of general gossip. There is a need to provide accurate details for public information.

7.4 Records

It is important that documents relating to an investigation are retained in a secure place, together with a written record of the outcome and, if disciplinary action is taken, details retained on the member of staff's personal and confidential file. Where the allegation is found to be without foundation, a record of the allegation, investigation and outcome should be retained.

If a member of staff is dismissed or resigns before the disciplinary process is completed, he/she should be informed about LearningPlus' statutory duty to notify the Disclosure and Barring Service.

7.5 Confidentiality

LearningPlus will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered. The Education Act 2011 introduced reporting restrictions preventing the publication of any material that may lead to the identification of a teacher who has been accused by, or on behalf of, a learner from the same school or college (where that identification would identify the teacher as the subject of the allegation). The reporting restrictions will apply until the point that the accused person is charged with an offence, or until the Secretary of State or the General Teaching Council for

Wales publishes information about an investigation or decision in a disciplinary case arising from the allegation. The reporting restrictions will also cease to apply if the individual to whom the restrictions apply effectively waives their right to anonymity by going public themselves or by giving their written consent for another to do so or if a judge lifts restriction in response to a request to do so.

8.0 Safer Recruitment and Selection Procedures

(underpinned by the Safeguarding and Safer Recruitment in Education, KCSIE 2025)

LearningPlus has in place robust recruitment procedures which ensure that care is taken to protect young or vulnerable learners. The procedures apply to all staff and volunteers, and they are reviewed regularly to take account of following principles:

- The post or role will be clearly defined.
- The key selection criteria for the post or role will be identified.
- Vacancies will be advertised widely in such a way as to ensure a diversity of applicants.
- Requirement of documentary evidence of academic and vocational qualifications.
- Obtaining of professional and character references.
- Verification of previous employment history including the explanation of any gaps.

9.0 Teaching Learners about Safeguarding

LearningPlus will teach learners about safeguarding, including online risks, through teaching and learning opportunities as part of providing a broad and balanced curriculum. Learner inductions covers; What is safeguarding, who the team are and how to report concerns. Learners are able to access modules on Safeguarding, Prevent, British Values and Consent and Healthy Relationships and cover these topics at induction and throughout their learning.

10.0 Dissemination

The DSL will ensure this policy is known and used appropriately:

- The policy will be reviewed every two years.
- The procedures and implementation will be updated and reviewed regularly.
- The policy will be available publicly and parents will be made aware of the fact that referrals about suspected abuse or neglect may be made and the role of LearningPlus
- Link with the Safeguarding Children Partnership to make sure staff are aware of training opportunities and the latest local policies on safeguarding.
- Should learners leave LearningPlus., if appropriate; their child protection file will be copied for any new college or training provider as soon as possible but transferred separately from the main learner file.

11.0 Links to Other Policies

This policy has links to the following policies and procedures:

- This policy has links to the following policies and procedures:
- Staff Disciplinary Policy and Procedures
- Anti-bullying Policy
- Equality and Diversity Policy
- Whistleblowing Policy
- Safer Recruitment/DBS Policy

12.0 Monitoring Compliance with and the Effectiveness of Policy Documents

12.1 Process for Monitoring Compliance and Effectiveness of Dealing with Disclosure of Abuse and Procedure for Reporting Concerns

Termly: The safeguarding board will receive a report on safeguarding incidents and reports.

Termly: The senior management team will receive a report from the safeguarding board on safeguarding incidents and reports.

Annually: The DSL and safeguarding board will review the safeguarding policy and produce a report that will be presented to the SMT and Managing Director.

12.2 Process for Monitoring Compliance and Effectiveness of Dealing with Allegations Against a Member of Staff

Where an allegation has been made against a member of staff, the DSL and safeguarding board including the Managing Director and director of human resources, at the conclusion of the investigation and any disciplinary procedures, consider whether there are any matters arising from it that could lead to the improvement of the procedures and/or policies. Consideration should also be given to the training needs of staff

Safeguarding Statement

LearningPlus is committed to protecting young people and adults at risk from harm.

As a Safe Organisation:

We ensure that all our employees are aware of their responsibilities to safeguarding children and adults at risk.

We do this by:

- Adopting safer recruitment practices of staff to work with young people and adults at risk.
- Clear expectations of staff about personal conduct and responsibility to promote the wellbeing of young people and adults at risk at all times.
- Good induction systems and ongoing training/updates for staff on safeguarding young people and adults at risk.
- Ensuring all staff have access to information and guidance on procedures for child protection and protection of adults at risk.
- A team of named managers trained to provide access to specialist advice on child protection and the protection of adults at risk.
- Sound data protection, information sharing and referral procedures.
- The promotion of a culture of safeguarding throughout the company.
- Listening to the concerns of young people and vulnerable adults with an open mind.
- Clear procedures for investigating allegations of harm to young people or adults at risk by persons in positions of trust within the company, including independent advice and referral to the police as necessary.
- Regular reporting of safeguarding incidents to the Senior Management Team.
- A clear and accessible complaints procedure where there are concerns to be raised.

- A.4 – Safeguarding Flowchart

Flowchart for Dealing with Concerns, Suspicions, or Disclosures of Harm or Abuse

Step One

You are concerned that a child, young person, or adult at risk has been abused because:

- You have seen something
- They have said they have been abused
- Somebody has told you they are concerned
- There has been an allegation against a member of staff
- There has been an anonymous allegation
- An adult has disclosed they are abusing a child or adult at risk
- An adult has disclosed they were abused as a child

Step Two

Talk to the Designated Safeguarding Lead (or the Deputy DSL if the lead is unavailable) and record your concern on the incident reporting form. If the concern is about a member of the Safeguarding team, please report the concern to the Managing Director. Remember to include the date and time in your report, as well as your name, job role, and your signature.

Step Three

- The Designated Safeguarding Lead (or the Deputy DSL if unavailable) will contact Children's or Adults Services and/or the local police if a crime is suspected to have been committed (call 101 if non-urgent, and call 999 in an emergency).
- The caller should say "I want to make a child protection referral" and – if ringing social care services – should ask to speak to the duty social worker. They may also be required to complete an online referral form to report this, which should be submitted on the same day.
- On the incident form, they should record who was spoken to; if a referral was accepted or not (with reasons), along with any actions agreed (include the date and time, as well as your name, job role, and signature).
- All forms should then be stored securely in the designated locked filing cabinet.

Notes

In cases of a concern about a member of staff or a learner, you should talk to the DSL. The LADO (Local Authority Designated Officer) or Adults Services will coordinate the next steps for any staff or learner in regulated activity complaints or allegations. Anyone can 'whistle-blow' directly to the police, social services, or Ofsted if they feel their concerns will not be managed appropriately by the company. All media enquiries should be referred to the Managing Director. EVERYONE should observe confidentiality with colleagues, family, and friends.

- A.5 – Protocol for reporting missing learners

Protocol for Reporting Missing Learners

Rationale

This protocol is designed to provide an effective response in the event of a learner going missing. This is an essential part of our responsibility to:

- Safeguard learners
- Ensure that there are no barriers to punctuality and attendance

Definition of ‘Missing’

“Anyone whose whereabouts is unknown whatever the circumstances of disappearances they will be considered missing until located and their well-being established” (*Ref: The association of chief police officers (ACPO)*).

When Discovering that a Learner is Missing

Your first step should be to inform your line manager. The line manager should immediately:

- Find learner contact details and contact directly if possible – locate learner and arrange safe return to the centre or home.
- Liaise with the DSL to identify any possible safeguarding concerns and ensure appropriate contact is made.

If this is not possible (if no contact can be made), the manager should:

- Ascertain when the learner was last seen (keep a note of any witness statements including names and course details).
- Ascertain what course the learner is on and the timetable for that day.
- Establish if anyone knows where the learner intended to go.
- Searches, where appropriate, of relevant areas.
- Contact the parent/carer as appropriate (there should not be a long gap – parents/carers do not want to hear that their relative has been missing for several hours) and give the facts:
 - When the learner was last seen
 - How it was discovered that they were missing
 - What we have done so far

If there is cause for concern and in consultation with the parent/carer:

- Report to police or relevant authority (collect and record incident number)
- Ask the parent/carer to stay in touch if they hear anything
- Maintain contact with parent/carer until the learner is found (parents/carers need to know that we are doing everything in our power to find the learner).
- Report incident to Managing Director.

Investigation and Report Records

Identifying why a learner has gone missing can be a key part of reducing the likelihood of it happening again and safeguarding that learner. The learner needs to be spoken to about their actions and rationale and any risks they were exposed to. This conversation may reveal the need for ongoing additional support.

When the situation has been resolved the DSL should:

- Carry out a full investigation
- Establish why the situation occurred
- Work with the course tutor and parent/carer/learner support team if appropriate to establish a safe system of supervision in the future
- Provide a written report for the learner file (be aware of confidentiality and data protection)
- Ensure that a letter is written to the parent/carer, to confirm any new arrangements, including responsibilities to be assumed by external Parties.

Information Sharing

If there is a concern about a learner's safety or well-being it may be necessary to share information with other agencies. Their safety and well-being of the child must be the primary considerations when making such a decision.

Sharing of information must be in line with the confidentiality, data protection and human rights legislation and guidance. Information shared will need to be carefully recorded. In most circumstances consent from a parent/carer/learner would need to be gained to share information; however there are some circumstances in which sharing information without consent will be normally justified. These are:

- When there is evidence or reasonable cause to believe that a child is suffering, or is at risk of suffering significant harm; or
- When there is evidence or reasonable cause to believe that an adult is suffering, or is at risk of suffering, serious harm; or
- To prevent, detect or to support the prosecution of serious crime.

Police Response

Where a missing person report is made, the police have an obligation to take action, within their powers, to safeguard the rights of individuals who may be at risk. Those under 18 will not be considered 'low risk'. Where a missing person has been identified as high or medium risk, positive action becomes an obligation at every stage of the missing person investigation.

Useful Contacts

If you believe a learner is at immediate risk this should be reported without delay to the police service; for emergencies ring 999.

- A.6 – Safeguarding away from the Group Premises

Safeguarding Outside of LearningPlus Premises

Introduction

Any learner under the age of 18 is considered, in the eyes of the law, as a child and is protected by the child protection laws and guidance (Working Together to Safeguard Children 2018, Incidents of child abuse are not common but any child aged between the ages of 0 and 18 must be considered as vulnerable to abuse whether this is in the home, in school or college, in the work place or in some other place.

Child abuse can take many forms, but it is categorised under 4 main themes:

- Physical abuse
- Sexual abuse
- Emotional abuse
- Neglect

It is important that children and young people are protected from any form of harm.

Guidance

Schools, colleges and training providers organising work placements and other activities must ensure that policies and procedures are in place to protect children and young people from harm, focusing greatest emphasis on settings in which children may be most at risk, for example where children will be placed for long periods in one-to-one situation with an adult.

These can be considered where the placement is as follows:

- For more than one day a week
- For longer than one term per academic year
- Aimed at those children who may be vulnerable e.g.: those who are aged under 16 or have special needs
- Where the workplace supervisor or colleague will have substantial unsupervised access to the child, because of the nature of the business
- Long-term extended work placements must include arrangements for DBS Disclosures for example when Young Apprentices are in a placement.

It is essential that the key supervisor of the learner, if not under the direct responsibility of a member of LearningPlus staff, is aware of their responsibilities with respect to child protection.

- A.7 – Safeguarding Guidelines for Work placements

Safeguarding Guidelines for Work Placements

Schools, colleges and training providers organising work placements must ensure that policies and procedures are in place to protect children and young people from harm.

It is essential that the key supervisor of the learner is aware of the procedures in place to ensure the safety of the young person.

Introduction

Any young person under the age of 18 is considered, in the eyes of the law, as a child and is protected by the child protection laws and guidelines (Working Together to Safeguard Children 2018).

Incidents of child abuse are not common BUT any child aged between the ages of 0 and 18 must be considered as vulnerable to abuse whether this is in the home, in school or College, in the workplace or in some other place.

Child abuse can take many forms, but it is categorised under 4 main themes:

- Physical abuse
- Sexual abuse
- Emotional abuse
- Neglect

It is important that young people are protected from harm.

Procedure

1. All complaints, allegations or suspicions of abuse must be taken seriously.
2. If an allegation is made that a learner has been abused or if there is a suspicion that a student has been abused this should be reported to the student's college supervising member of staff immediately. If the learner's college supervisor is not available, please contact one of the DSL immediately.
3. Promises of confidentiality should not be given as the matter may develop in such a way that these cannot be honoured.
4. If the complainant is the learner, questions should be kept to the minimum necessary to understand what is being alleged and leading questions should be avoided. The use of leading questions can cause problems for the subsequent investigation and any following court proceedings.
5. A full record shall be made as soon as possible of the nature of the allegation and any other relevant information including:
 - The date
 - The time
 - The place where the alleged abuse happened
 - Your name and the names of other present
 - The name of the complainant and, where different, the name of the student who has allegedly been abused
 - The nature of the alleged abuse
 - A description of any injuries observed

- The account which has been given of the allegation that should be signed and dated by the person completing the report

Please note: Some learners with learning disabilities may need different treatment to others e.g. in the way their physical/mental condition might mask possible abuse.

Apprentices

- Workplace providers will receive a copy of the Safeguarding Policy and Procedure and information relating to their responsibility for safeguarding.
- Placement Officers/Assessors will carry out all risk assessments and include safeguarding discussion as part of workplace reviews with students.
- Apprentices will receive information relating to safe practice in the workplace and safeguarding contact details.
- When dealing with a disclosure, follow referral procedure as per Section 7
- Work placements will sign and return the safeguarding declaration to LearningPlus

- A.8 – Safeguarding Declaration

Safeguarding Declaration

To be completed and returned to LearningPlus, with a copy to be retained by the supervisor at the specified organisation.

Workplace Placement Details	
Name of Organisation:	
Address of Organisation:

E-Safety Policy and Procedure

- 1.0 All online safeguarding concerns will be dealt with in line with this policy, particularly in terms of referral and recording procedures
- 2.0 All members of staff will be advised of the company's IT Acceptable User Policy (AUP) policy and will agree to adhere to it.
- 3.0 The prevalence of issues arising through children's access to the online world is significant and all staff should be aware of associated risks and signs/symptoms. LearningPlus has appropriate filters and monitoring systems in place which are reviewed regularly to ensure that staff and students are safe when online. The breadth of issues classified within online safety is considerable, but can be categorised. These are categorised within KCSIE 2025 as:

- **content:** being exposed to illegal, inappropriate or harmful content; for example, pornography, racism, misogyny, self-harm, suicide, Antisemitism, radicalisation, extremism, misinformation, disinformation (including fake news) and conspiracy theories.
- **contact:** being subjected to harmful online interaction with other users; for example: peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
- **conduct:** online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images (e.g. consensual and non-consensual). This includes non-age-appropriate content, self-harm and suicide, sexting, cyberbullying, grooming, radicalisation and gaming (now identified by the World Health Organisation as a disorder)

KCSIE 2025 makes specific reference to keeping children safe online including when they are online at home. This is partly in response to the significant impact of COVID-19 in relation to children's use of the online world and the challenges as a result.

The use of technology has become a significant component of many safeguarding issues. Challenge Trust takes online safety very seriously by educating staff and in their use of technology and establishes mechanisms to identify, intervene in, and escalate any incident where appropriate.

Cybercrime is criminal activity committed using computers and/or the internet. It is broadly categorised as either 'cyber-enabled' (crimes that can happen off-line but are enabled at scale and at speed on-line) or 'cyber dependent' (crimes that can be committed only by using a computer). Cyber-dependent crimes include;

- unauthorised access to computers (illegal 'hacking'), for example accessing a college's computer network to look for test paper answers or change grades awarded;
- denial of Service (Dos or DDoS) attacks or 'booting'. These are attempts to make a computer, network or website unavailable by overwhelming it with internet traffic from multiple sources
- making, supplying or obtaining malware (malicious software) such as viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence, including those above

Filtering & Monitoring

Education settings are directly responsible for ensuring they have the appropriate level of security protection procedures in place in order to safeguard their systems, staff and students and review the effectiveness of these procedures periodically to keep up with

evolving cyber-crime technologies.

Technology, and risks and harms related to it, evolve, and change rapidly. The organisation reviews their approach to online safety at least annually and this is discussed at the termly Filtering & Monitoring Committee meetings

LearningPlus does everything they reasonably can to limit children's exposure to risks from the college's IT system. As part of this process, the college ensures they have appropriate filtering and monitoring systems in place and regularly review their effectiveness. The leadership team and relevant staff have an awareness and understanding of the provisions in place and manage them effectively.

To support schools and colleges to meet this duty, the Department for Education has published filtering and monitoring standards which set out that schools and colleges should:

- Identify and assign roles and responsibilities to manage filtering and monitoring systems.
 - Review filtering and monitoring provision at least annually.
 - Block harmful and inappropriate content without unreasonably impacting teaching and learning.
 - Have effective monitoring strategies in place that meet their safeguarding needs
- Additional guidance on filtering and monitoring can be found at: UK Safer Internet Centre: "appropriate" filtering and monitoring.
<https://www.saferinternet.org.uk/advicecentre/teachers-and-schoolstaff/appropriate-filtering-and-monit>

Staff may become concerned about children, young people and adults at risk if they are:

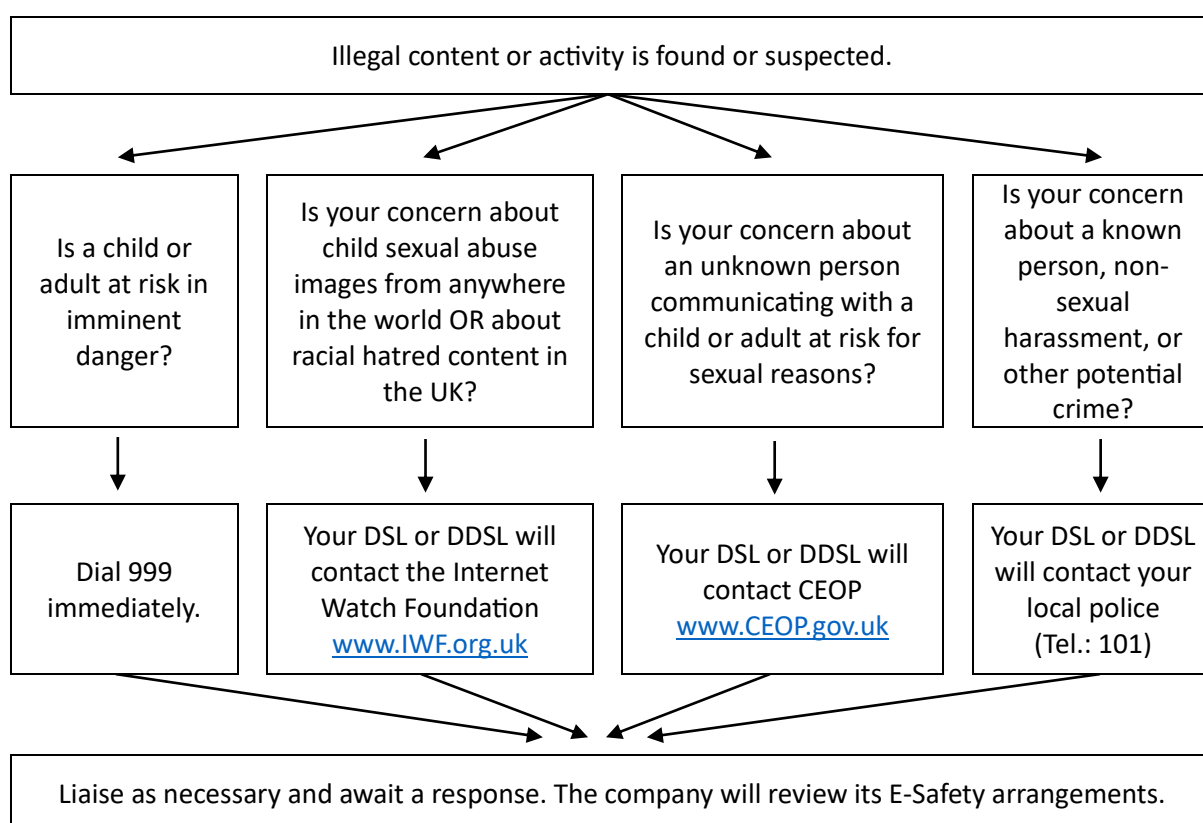

- Accessing illegal websites or inappropriate "lifestyle" or for their age and ability.
- Receiving unwanted or upsetting text or e-mail messages or images.
- Being "groomed" by a responsible adult with a view to meeting the child, young person or adult at risk for their own illegal purposes including sex, drugs, radicalisation, or criminal activity.
- Viewing or receiving socially unacceptable material such as inciting hatred or violence.
- Sending or receiving bullying messages or posting malicious details about others.
- Scamming for financial gain.
- Ignoring copyright law by downloading music videos.
- Becoming secretive about where they are going or who they are meeting.
- Secretive about what they are accessing online.
- Using a phone, iPad or tablet in a closed area, away from other people.
- Accessing the web or using a handheld device for long periods and at all hours.
- Constantly clearing their browsing history.
- Receiving unexpected money or gifts from people they meet online.
- Sending sexually inappropriate images of themselves to others (i.e. "sexting") which, for under 18-year-olds, is an offence under the Sexual Offences Act 2003.

4.0 Staff may become concerned about a member of staff who:

- Befriends or communicates with learners who they work with, especially by their personal phone, online, by messaging and social media etc.

- Is secretive about what they are doing and who they are meeting.
- Takes images of company activities with their own phone, iPad, or tablet without permission of their line manager.
- Does not seek parental permission for taking images of children and young people under 18 years of age.
- Constantly clearing their browser history.
- Is viewing pornography at work.
- Is viewing child sexual abuse images at any time.
- Is promoting discrimination, illegal acts, or racial or religious hatred of any kind.
- Sharing confidential or sensitive information.
- Circulating or messaging any information which may be offensive.

E-Safety Referral Flowchart

into three areas of risk:

consensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images and online bullying, and commerce: risks such as online gambling, inappropriate advertising, phishing and or financial scams. If you feel your pupils, students or staff are at risk, please report it to the Anti-Phishing Working Group (<https://apwg.org/>)

- A.9 – Additional Expert and Professional Guidance

Additional Expert and Professional Guidance

Further expert and professional guidance and practical support on specific safeguarding issues can be accessed via the www.gov.uk website as follows:

- Child sexual exploitation (CSE)
- Bullying including cyberbullying
- Domestic violence
- Drugs
- Fabricated or induced illness
- Faith abuse
- Female genital mutilation (FGM)
- Forced marriage
- Gangs and youth violence
- Gender-based violence/violence against women and girls (VAWG)
- Mental health
- Private fostering
- Radicalisation
- Sexting
- Teenage relationship abuse
- Trafficking

In addition to the above, information can be found on the NSPCC website www.nspcc.org.uk

Safeguarding Children Partnership Guidance

If we are worried that a child, young person or adult is at risk of abuse, harm or neglect, please call 999 and ask for the police. They will put you in touch with the safeguarding professionals in the area where the incident is said to have taken place.

If a member of the Safeguarding team cannot be contacted (for example out of hours) NSPCC, Childline or the local Safeguarding team in your area provide a safeguarding advice and support service.

NSPCC 24 hours 7 days per week – Telephone: 0808 800 5000
